Description: Sign
Presenting: Brandon Neeld of Faro Designs. The applicants were on hand to discuss as needed as well.
Discussion: Signage to be digitally printed atop industry-standard 3M laminate vinyl, that has a non-toxic, self-adhesive. This will be affixed to the old, glass tile storefront sign area without the use of mechanical fasteners, preventing any destruction of the material. This is similar to the application method of the approved Phoenixville mural aside Steel City Coffee House. Low-lustre or flat sheen to be used.
Motion to Approve as Submitted, by Ginty, Seconded by Bartlett
Motion carried 5-0
7. Pending Business
 - None
